PROFILE

I'm a Software Engineer with over 4 years of experience developing web applications and backend systems. I specialize in writing clean, reusable, and efficient code, and have worked on projects that require strong skills across both frontend and backend. I'm detail-oriented, enjoy solving complex problems, and focus on building reliable, scalable software that delivers real value.

TECHNICAL SKILLS

- **Frontend** - Angular, React, HTML, CSS/SCSS, Bootstrap, Tailwind, Material UI
- **Backend** - Node.js, Nest.js, JavaScript, TypeScript, REST APIs
- **Cloud** - AWS Serverless: Lambda, API Gateways, S3, IAM, Cognito, EC2, CloudWatch
- **Databases** - MongoDB, MySQL, PostgreSQL, DynamoDB

EXPERIENCE

Digistaff Inc.

Toronto, Canada · Remote

Full Stack Engineer

March 2025 – Present

- Built and improved key features for a staffing platform used by thousands of workers across Canada, including shift scheduling, payments, and performance reports.
- Fixed major bugs and improved system flows to make the platform faster and more reliable.
- Solved tricky timezone issues that affected users in different regions, making sure schedules worked smoothly everywhere.
- Set up tools to send emails (using AWS SES), push notifications (using SNS), and SMS/calls (using Twilio) for campaigns and alerts.
- Worked closely with other teams to release updates safely, using feature flags and dry-run setups to test changes in production.

DPL Pvt Ltd.

Islamabad, Pakistan · Hybrid

Software Engineer

March 2023 – February 2025

- Led frontend development of a digital authentication platform using React and contributed to backend APIs with Nest.js, delivering the product from scratch to production under tight deadlines.
- Built a real-time serverless trivia game from scratch with Node.js (TypeScript) on AWS (Lambda, API Gateway, DynamoDB), achieving 5,000+ organic users in the first month post-launch.
- Improved performance by optimizing DynamoDB queries and built key UI components in Angular, including an SSR-enabled admin panel and SEO-ready landing pages that boosted web-to-app conversions by 50%.
- Collaborated with stakeholders in an Agile environment to release features iteratively, achieving on-time sprint deliveries and enhanced system performance by 30% through optimization.

Vizz Web Solutions Pvt Ltd.

Rawalpindi, Pakistan · Hybrid

Full Stack Developer (MEAN/MERN)

March 2022 – March 2023

- Maintained and upgraded a large-scale Angular application (v6 to v14), reducing initial load time by 70% and bundle size from 6MB to 750KB through lazy loading, tree-shaking, and optimized change detection.
- Developed RESTful APIs in Node.js, crafted advanced MongoDB queries, and improved backend response time by 35% via profiling and query tuning.
- Refactored legacy code, enhanced frontend responsiveness, and collaborated in Agile teams to ensure continuous delivery and sprint execution.

MEAN Stack Developer

November 2020 – February 2022

- Delivered full-stack features across multiple client projects in various industries, contributing to a 30% increase in project turnaround efficiency.
- Developed robust RESTful APIs in Node.js, supporting scalable mobile and web apps across Android, iOS, and Angular platforms, backed by MongoDB.
- Created responsive, modular UIs using Angular, SCSS, and Angular Material, reducing client UI bugs by ~35%.
- Integrated third-party services like Firebase, Stripe Connect, Noon Payments, and Google APIs, and implemented data scraping solutions using Cheerio and Puppeteer, capable of processing data from 100+ sites within minutes.

EDUCATION

COMSATS University Islamabad

Islamabad, Pakistan

Bachelor of Science in Computer Science ([link](#))

2017 – 2021

CERTIFICATIONS

- **JavaScript Essential Training** – LinkedIn Learning | March'25 ([link](#))
- **Angular: Creating and Hosting a Full Stack Site** – LinkedIn Learning | Nov'20 ([link](#))
- **Server-side Development with Node.js, Express and MongoDB** – Coursera | July'20 ([link](#))

LEADERSHIP & ACTIVITIES

Club Secretary, Rebel Speakers (Toastmasters International – DPL Chapter)

June 2024 – Feb. 2025

- Managed meeting agendas, member records, and official documentation, ensuring smooth operation of the club.
- Supported the club president and executive team in organizing events and maintaining member engagement.
- Strengthened public speaking, active listening, and team coordination through regular participation in Toastmasters sessions.
